

Prayer for Divine Help

O Heavenly Father, eternal and Almighty God graciously hear our prayer. I pray for the health, happiness and safety of all my family and friends. I pray for our continued mental health, physical health and spiritual health. And May then you O LORD rebuke any disease or sickness we humbly pray.

Dear Lord Jesus Christ our Divine Saviour, I pray for the forgiveness of our sins and the salvation of our souls, I pray for peace, and an end of the senseless pollution and destruction of our world. I pray that man will be able to live in harmony with all the creatures of Gods creation, that all of Gods creatures may flourish throughout the whole world once again. I pray for those people throughout the world living in poverty and injustice and I pray for the sick and starving people of the world especially children.

I pray that the Holy Spirit will purify our hearts and fill it with love for God and with love and charity for one another. May we love and serve the LORD our God and each other as the LORD would have us do.

O Jesus it was said ask and you shall receive, seek and you shall find, knock and it shall be open to you. Through the intercession of Mary thy most Holy Mother of God, I knock, I seek, and I humbly and urgently ask thy Father in your name Lord Jesus that my prayers be granted. Amen

Lord Jesus you said "Let your focus be on the Kingdom of God and his justice, and all these things will be given to you as well."

All thanks be and praise be to the Father, to the Son and to the Holy Spirit. Amen
